- All entries must be placed in the drawing drum no later than one minute before each drawing.

- Players are eligible to win multiple times per drawing date.

- The winner will claim an automatic initial prize of \$250 in free play but then face a Hi-Lo card guessing game for the chance to double their prize value.

- The drawing winner will select one card from the oversized card deck to serve as the "base card".

- With values concealed, the drawing winner will then have the option to select up to five additional game cards featuring values $[A/2 = 2] [3 - 9 = \text{Face Value}] [10/J/Q/K = 10]$. One card at a time, the contestant will guess if the next drawn card features a value that is "higher" or "lower" than the base card. In the event of a tie value, the player will win that hand.

- The contestant will receive a \$50 bonus for each consecutive correct guess. Once the player guesses incorrectly, the game show is over.

PRIZE VALUE: Players can win the following free play prizes: Base Prize [\$250] Bonus #1 - #5 [\$50].

LIMITATIONS ON PARTICIPANT ELIGIBILITY: Players must collect their earned entries from a promotional kiosk each promotional day and place their entry into the respective drum no later than one minute before each drawing. Lost, stolen, or damaged vouchers will not be replaced. Illegible entries or entries placed into the incorrect drawing drum will be disqualified. The drawing barrel will be emptied after the last drawing of each night.
